

TWENTY CENTS

MACLEAN'S

"CANADA'S NATIONAL MAGAZINE"

September 1

Twice - a
Month.

IN THIS ISSUE—

COL. GEORGE HAM tells of the early days in Winnipeg when it delighted to think itself the wickedest city in Canada.

MRS. ASQUITH tells of meeting her husband, and of the opposition to their marriage.

THERE are some striking stories: "The Soul of a Schoolboy," by G. K. Chesterton; "Shelverdene's Plot," by G. Appleby Terrill, and numerous others.

THERE are also other articles by George Ade, Archibald Hurd, Count Von Bernstorff, Mary Roberts Rinehart, Lowell Thomas and others.

The Disadvantage of a Deck Stateroom

Better
Quicker
Housecleaning
Without the Hard Work

**Painted Walls, Woodwork**

Acts like magic in removing
finger-marks, spots, dirt, dust and
grime. Makes the surface fresh,
spotless and free from streaks.

Floors, Steps

Makes wood, linoleum, tile and
stone look like new, and leaves
no greasy film. Superior results
with soap or brush.

Windows, Mirrors

A small amount of Old Dutch in
a dry folded cloth cleans the
glass thoroughly. No scrubbing.

Bathroom

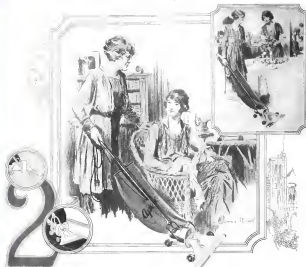

Restores original beauty to por-
celain, enamel and marble. Quick-
ly takes off stains and stains.

Kitchen

Sink, stove, door, wall, refrigera-
tor, cooking utensils made bright
and sanitary with little labor.

Goes Further and Does Better Work

MADE IN CANADA

**Apex Features**

The Apex works with
disinfectant and germicide
spray which makes the
household surfaces clean up
the dirt from wood, cloth
and wallpaper and cleans
up to brass and chrome
in just a few minutes.
The Apex is so simple
that any one can use it.
The Apex is so simple
that any one can use it.

More Leisure for Mother

"Mother, think how we all profit from your Apex Cleaner. When I am at school I don't worry about you and your old house and that bother. You'll love the place so much more when you see how it is done and yet have so much time to spare. You've already got Dad putting how it is done you seem so well and careful, while the house is clean than ever."

The Apex Cleaner is one of the oldest known cleaners made. It has
been used for years that many people would never use a cleaner
so simple and so effective as the Apex Cleaner. The Apex
cleans a room in less than a minute and leaves the house
looking like a new one.

The Apex Cleaner is one of the oldest known cleaners made. It has
been used for years that many people would never use a cleaner
so simple and so effective as the Apex Cleaner. The Apex
cleans a room in less than a minute and leaves the house
looking like a new one.

Apex is a truly new way of cleaning that will be glad
to show you how to use it. Write or call for more information.

ELECTRIC SUCTION CLEANER

DOMINION TIRES

are built for
MILEAGE

What does the motorist look for more than any other quality in tires? You know—**Mileage!**

And because they deliver more mileage; give greater dollars and cents value—**Dominion Tires** enjoy the largest sale among experienced Canadian motorists.

Six distinct treads for every car—every road—every purpose.

The "Dominion Tire" dealer is a good man to become acquainted with. He can give you helpful advice and save you money. He knows Tires, Tubes and Accessories. That is why he carries the "Dominion" line.

The golden bar with the clean naphtha odor

Small Fels-Naptha

You can recognize the clean odor of naphtha. It is not only in the naphtha itself, but in the soap itself. Fels-Naptha has all other soaps.

For Washing Machines

Fels-Naptha helps the washing do even better work. It is not only in the naphtha itself, but in the soap itself. Fels-Naptha has all other soaps.

Make your own fabric containing naphtha

The naphtha in Fels-Naptha is a great help in washing. It is not only in the naphtha itself, but in the soap itself. Fels-Naptha has all other soaps.

How many use in your home?

Fels-Naptha makes even the most stubborn stains disappear. It is not only in the naphtha itself, but in the soap itself. Fels-Naptha has all other soaps.

FELS-NAPHTHA is golden because of the natural color of the good materials that help to hold the naphtha. And Fels-Naptha does hold its naphtha—to the very last street!

The clean naphtha odor of Fels-Naptha proves that real naphtha is in it. Naphtha, somewhat similar to gasoline, is that surprising dirt-loosener used by dry-cleaners to cleanse and freshen cloth—even the most delicate fabrics and colors.

Fels-Naptha is good even plus real naphtha, combined the Fels-Naptha way—the greatest dirt-loosening combination ever known—a super-soap.

When Fels-Naptha comes in contact with water (even cold or lukewarm) the naphtha instantly and completely mixes with the water. It goes into every fibre of the cloth. It soaks out the dirt and loosens it to hold. Then the fancy white Fels-Naptha soap quickly washes the dirt away. This saves hard rubbing.

Clothes come out of a Fels-Naptha wash thoroughly clean and sweet. When fabric gets soapy. Of course you may look clothes with Fels-Naptha if you choose, but there is no need—Fels-Naptha will loosen dirt without the aid of hot water.

will loosen dirt without the aid of hot water.

If you use a washing-machine Fels-Naptha will help it do even better work.

The golden bar with the clean naphtha odor makes an extra, quicker washday in your home, drier, brighter clothes that last longer, because no hard rubbing ever boiling have been necessary.

There's nothing else like Fels-Naptha—the clean naphtha odor, the golden bar, and the old and green soap. Be sure of these things. Use the genuine Fels-Naptha. Your green bar is ready for you.

Lessons in Tire-Saving

THE Goodyear Tire Conservation Course, in 6 lessons, is a miniature encyclopedia of tire-saving, outlining for the benefit of the motorist the things *he* should do to prevent tire injuries, and to cure those injuries if they do occur. Its specific purpose is to help squeeze the very last mile out of tires.

The course parallels the service of the Goodyear Service Station Dealer. He, also, will explain to you the prevention of, and the cures for, tread cuts, under-inflation, wheels out of line, sand blisters, fabric breaks; he will supply you with Goodyear Tire Savers which will prolong the life of your tires. He can test your wheels for alignment. He can calculate the proper air pressure for your tires. The motorist who utilizes this service is getting extra mileage—lower cost-per-mile—than the motorist who buys on a price or discount basis.

In the local Goodyear Service Station you will find the Goodyear Tire Conservation Course displayed in the holder shown here. Ask for your set.

ORDER→EXTENSION

1 Three girls with Burroughs Calculators begin the class of figures operations in this school's grocery establishment. Each day they extend between four hundred and six hundred order forms from which the invoices are made out. Hundreds and thousands of extensions are made daily, involving extensions of invoices and transient sales records on all goods sold, right on the order form. Without Calculators it would require at least three additional persons to make calculations.

2 In this view of the general office of H. P. Eckardt & Company you see the ledger-posting operation in the foreground. One young lady is selling off items from the invoices which are kept in a special book for this purpose, while the other girl points to the ledger cards. Since the Burroughs Bookkeeping machines were installed, they have been able to take care of all the ledger posting, thus effecting a saving of at least two trained bookkeepers, which would pay for a machine annually.

3 Here is a closer view of the interior of the bookkeeping department. The 90%-automatic operation of the Burroughs Machines insure 100% efficient bookkeeping. Notice how neat and orderly everything appears, the work is done very rapidly yet without any fuss or noise. Progress from the original order to the final posting is exceedingly rapid because errors are eliminated as well as all useless operations, of which there would be hundreds of thousands daily if the work were done with pen and ink.

→INVOICE→POSTING

Handling Figures at Wholesale and Detail

in the Wholesale Grocery Establishment of
H. P. Eckardt & Company, Toronto, Ont.

From this you will get an idea of the big figures job with which these wholesale grocers are confronted as well as the speedy and economical way in which they handle it.

Mr. Richardson, the office manager, and chief accountant, says, "This combination of Burroughs Calculators with the Burroughs Bookkeeping Machine works out in our business in an ideal way. I should think it would be applicable to many other business concerns, particularly those who are in a wholesale business as we are.

"We know all our extensions are correct to the fraction of a cent when they go to the bookkeeping machine to be posted. We do the work with speed so much greater than would be possible with pen and ink that there is no comparison. Our posting work is never delayed because of balanced posting media.

Every account in our books shows a balance legibly printed at all times. We have no month-end rush work and delays and we can get a trial balance the first time every month. This enables us to get statements out promptly which makes for good collections.

"The Burroughs machines do something which cannot be measured in dollars and cents but which is obvious to anyone who is in direct touch with the work. They take the drudgery out of figures. They allow our office staff to go home clear minded and unfatigued at the end of the day and to come back in the morning ready for the day's work. In our business we believe it is just as important to guard the health and well-being of our employees as any factory manager would consider it—and surely brain work is even more tiring than physical labor."

The A B C of Business

The standard Burroughs line embraces machines for Adding, for Bookkeeping and for Calculating—among these a model which will fit into any business, large or small, and repay its cost in the saving of a few months.

Burroughs offices are maintained in many Canadian cities—St. John, N.B.; Halifax, N. S.; St. John, N. H.; Winnipeg, Man.; Regina and Saskatoon, Sask.; Calgary and Edmonton, Alta.; Quebec and Montreal, P. Q.; Ottawa, Toronto and Hamilton, Ont.; Vancouver and Victoria, B. C.

AutoStop Razor

IT'S the clamping that counts! Any razor is only as good as its clamping. This is one and only one that is completely foolproof. The AutoStop razor is the only razor that is foolproof. The AutoStop razor is the only razor that is foolproof.

Any razor that is foolproof is the AutoStop razor. The AutoStop razor is the only razor that is foolproof. The AutoStop razor is the only razor that is foolproof.

AutoStop razor. The AutoStop razor is the only razor that is foolproof. The AutoStop razor is the only razor that is foolproof.

Your Hair Needs "Danderine"

Save your hair and double its beauty. You can have lots of long, thick, strong, lustrous hair. Don't let it stay lifeless, limp, scraggly or falling. Bring back its color, vigor and vitality. Get a 35-cent bottle of delightful "Danderine" at any drug or toilet counter to freshen your scalp, check dandruff and falling hair. Your hair needs stimulating, beautifying "Danderine" to restore its life, color, brightness, abundance. Barry, Girls!

to those who have not read it. It is a book that is a must for every man who is interested in the subject of the AutoStop razor.

Book Reviews

Shaving Cream
Holder-Top Shaving Stick
Shaving Liquid
Shaving Powder

The J. B. WILLIAMS COMPANY
655 Drolet Street, Montreal

If you prefer to use a shaving
cup, as many still do,
ask your dealer for Williams'
Mug Shaving Soap or
Williams' Barber Soap.

"Saved my face for 40 years"

"Almost half a century ago I learned to know Williams'. Since that time he has daily saved my face with his rich and creamy lather.

"Williams' virtues are more than skin deep. Somehow he has an uncanny knack of at once getting down below the surface and gently smoothing things out at the root of the difficulty. He's easy to work with because he doesn't believe in splitting hairs. Moreover, he rises to the occasion instantly and never falls flat on the job.

"A lot of others have tried to get thick with me. But many years of shaving experience have taught me that Williams' is the cream of them all."

After the shave you
will enjoy the com-
forting touch of
Williams' Talc.
